

Code of Ethics / Conduct

A) Reflexologists Shall:

1. Maintain professional competence with continuing study and upgrading of skills.
2. Maintain place of business and person in the highest hygienic standards.

B) Concerning Professional Practice:

1. Serve clients with the highest competence known and further enhance the credibility of reflexology.
2. Work to complement and enhance all other health modalities.
3. Treat clients without prejudice of religion, nationality, politics, gender or age.
4. Actively support the profession through participation in organizations and by promoting within the community an understanding of reflexology.
5. Not diagnose, prescribe, or treat for a specific condition unless qualified to do so.

C) With Respect To Clients:

1. Hold all client information with strict confidentiality, except where disclosure by law is required.
2. Refer to other qualified health care practitioners when services required are outside the Reflexologist's scope of practice.
3. Disclose fees, treatment procedures, uphold proper bookkeeping and keep records at a legal and professional level and make receipts available.

Date: _____

I, _____ solemnly make this oath to comply with the
above Code of Ethics / Conduct.
